1. As you know, an interagency Joint Surveillance Committee (JSC) of the NNBIS Coordinating Board is preparing a report for the Vice President on the national capability to detect, monitor and interdict illicit drug shipments to the US. On 17 May, the JCS met to receive interim reports from its working groups and to discuss the organizational structure of the final report, which is due by 30 June.

3. New subject. At the request of Clair George, I called Tom Connolly, Senator Biden's SSCI staffer, to reconfirm Biden's request to you that we prepare an unclassified version of the worldwide narcotics threat and outlook sections of your 16 May testimony. During our conversation, he commented that he thought the hearing went very well and that you had covered the issues of interest to the SSCI.
